

Norwich Dollar Day

Wednesday,
August 23rd, 1916

The Merchants of Norwich take this opportunity of extending an invitation to all the people of the City of Norwich, as well as to all the people of New London and Windham Counties, to participate in the advantages of

NORWICH DOLLAR DAY

which will occur on Wednesday,
August 23rd, 1916

The American Dollar Rules the World Today

With the Greatest War in History going on in Europe and all the nations engaged gradually becoming bankrupt, the supreme value of the American Dollar was never more apparent than today. Its purchasing power is great, as the wonderful Dollar Day offerings by Norwich Merchants will show. The co-operative efforts of Norwich in the various lines of trade, to make this Dollar Day one to be long remembered by all the people of Eastern Connecticut, cannot help being successful. The greatest value will be obtained by spending your Dollar in Norwich on Wednesday, August 23rd.

"Onward To Norwich"

The Market Place of Eastern Connecticut

WILL BE THE SLOGAN

For Norwich Dollar Day

ADDRESSED PRESTON CITY GRANGE

Mrs. W. J. Bartlett of Putnam Says Grangers are Keeping Step With Time—Opportunities are So Numerous That Possibilities Which Lie Within Them are Confusing—Speaker Says More is Demanded of Women Today Than in Past.

The grangers are keeping step with time, said Mrs. W. J. Bartlett of Putnam, a well known eastern Connecticut suffrage worker, in an address before the members of Preston City Grange on Tuesday night. The meeting was well attended in spite of the warm weather and much interest was shown in the address.

A little over 80 years ago, when the question was first agitated that a grange be organized, according to Past Master Patterson of Connecticut much opposition was shown, said Mrs. Bartlett. Today the thousands of members in the grange are voting with the farmers and are voting for it.

There are, they tell me, a few ants left, she continued, who do not believe we need votes for women. Why should there be any question as to the need and value of equal suffrage for the state? The national grange has passed a resolution declaring emphatically and unanimously in favor of woman suffrage and also endorsing the federal amendment.

In regard to Jesus' mission, she said: Jesus came to do what? Jesus came to teach the gospel to the poor. He came to heal, to destroy the operations of evil of every kind in human experience. Did he preach? He did. He did a great deal. The gospel shows this from his boyhood. He was about His Father's business. This business consisted of teaching by example as well as by precept what God is, what God does and how God does what He does.

Are we as patrons going to teach what the grange is, what the grange does and how the grange does what it does? The grange teaches us how to

live, that we may have health, peace, prosperity and freedom. But you and I know there isn't much satisfaction in living unless we can have others live. We as patrons know the grange teachings. But the most important mark? The grange has a mission. Are we teaching by example what this mission is? Are we teaching that the grange stands for equality and has from the beginning? Are we proud of the fact that the grange was the first great body in this nation to adopt woman suffrage? The grange by precept and example has been the pioneer in this movement. I am not going to tell you tonight why I am a suffragist. I will confine my remarks to a few substantial reasons why women should vote.

The grangers are keeping step with time. There is scope at all times for the strong. No one is strong until he or she acts, no one is wise until he or she thinks, and no one is patriotic until he or she assumes the duties of citizenship. The grange is a strong and so numerous that the possibilities which lie within them confuse us and we hardly know which one to grasp and hastily follow to its goal. A great deal more is demanded of women today than in the past. We cannot escape our obligations. If only one woman in Connecticut wanted to vote I would be making the same speech I would make if she were a man. The woman in the home and the over eight million women out of the home who are doing the work of the world better than they are at the present time.

AUTO THIEF WILL

AGAIN BE NABBED

Man Arrested in New London, Wanted in Natick.

Immediately upon his completion of the fall term enforced through his inability to pay a fine of \$20 and costs meted out by Judge Coit in the New London police court, John W. Harrington, an alleged auto thief, will be arrested by members of the Natick, R. I. police department on a warrant charging larceny of an automobile.

Harrington is accused by the police of being one of a gang of auto thieves who have been working in many cities in Rhode Island and Connecticut. He was arrested following an escapade through the principal downtown streets in an automobile stolen from the parade.

Acting Prosecuting Attorney Frank Q. Cronin told the court that the evidence against Harrington was not sufficient to warrant his being tried on a charge of larceny and declared he would arraign him for drunkenness to which the accused pleaded guilty.

The machine alleged to have been stolen was that of Joseph Bates, a New London citizen. In addition the machine was driven through the streets at a rate of speed that was stated by the police to be excessive with no headlights burning. Despite the fact that it was shortly before a clock in the evening.

The end of the chase after Harrington was brought about through his losing control or the machine which crashed into a freight car in Railroad avenue, resulting in considerable damage to the automobile.

B. F. Williams Very Ill.

B. F. Williams, former county commissioner, is critically ill at the home of relatives in Griswold. He is the result of a shock sustained a few days ago, which has left him unconscious ever since and partially paralyzed.

SHEEP GROWERS SUFFER

LOSSES FROM DOGS.

North Stonington Farmers Aroused Over Nuisance.

Farmers in the north part of the town of Stonington and in the town of North Stonington are considerably aroused over their losses of sheep that have been killed by dogs, or more precisely, by a dog which is a certain that one dog has been doing most of the destruction among the sheep in the Williams district lately. It has become so serious a matter that, unless the nuisance is stopped, practically every sheep in the north part of the town will be exterminated in a little while longer. The matter has been called to the attention of the selectmen of the town, but they are powerless to cope with the situation. It is not expected to state that the annual loss of sheep and poultry killed by dogs in the town of Stonington amounts to more than \$1,000.

James E. Lord has been called out twice during the last few days to prevent the loss on two farms from this cause. The farm of Horace P. Miner in the Tangram district was visited by a dog the other night and all but one of a flock of fancy sheep, worth from \$20 to \$50 apiece, were killed. Mr. Miner is on a farm that he bought a while ago from Charles P. Williams, one of the finest in the town and the sheep were some sold to him by George W. Middleton of Quaker Neck Hill, who bought them of James E. Lord, and they were entirely stock. Mrs. Hattie K. Beckett, who conducts a farm in the northern part of the town, has been successful in producing a fine strain. A dog the other day killed 10 out of a flock of 14 sheep, and it is only a month or so ago that Charles P. Noyes lost nearly every sheep he owned from the same cause.

It is probable that one dog has done all the damage in the three cases just cited. Different dogs kill in different ways, some by an attack at the face

The Quality Ginger Ale of America. Made of real ginger. Mixes well with anything. Winner of Medal of Honor at the Panama-Pacific Exposition. Sold by the case by good grocers and druggists. Also at fountains.

and even of the sheep, others by biting through the jugular vein so that the animals bleed to death, and still others biting in the flank, reaching the vitals. Recent killings have all been effected in the same way. It is a very difficult thing to trace, however. The authorities and the sheep owners may never know whose dog has been running amuck among their flocks, but it is possible, however, that the owner of the dog knows, or at least suspects. A dog that kills sheep will return from his expedition thoroughly cleaned and washed, anxious evidently that his master shall not suspect what he has been up to; on the other hand, if he brings home a piece of game he never bothers to remove the traces of the encounter.

BREMEN'S CARGO MAY

GO THROUGH NORWICH.

Big Force Laying Rails from State Pier to Central Vermont Line.

The Bremen's cargo, if it ever arrives, may go through Norwich to the various distributing points, for rails are now being laid from the state pier to the Central Vermont road.

A big force of electricians from the Connecticut Power company was engaged Tuesday in wiring the warehouse of the state steamship terminal in East New London and installing a large number of lights. The warehouses are practically ready for occupancy and the office building is well toward completion. The long line of railroad track extending from the pier through the tunnel under the New Haven line to the Central Vermont road will be ready for traffic in a few hours.

In fact, every detail of the storage plant for cargoes of the German submarine vessels is well in hand. Capt. Frederick Hinrich of the German steamship *Norddeutscher Lloyd* is at the terminal side Tuesday. He is a resident of the city and is a member of the German community.

Captain Callison of the *Hansa*, formerly the *Thames*, told newspapermen at Norfolk Monday that it was true that the Eastern Forwarding company had leased a pier in New London. It was reported in German circles in Norfolk that the *Hansa*, which conveyed the Deutschland into American waters, would go to New London before the end of the month and that much of the movable property of the Eastern Forwarding company would be brought here from Baltimore. Visitors looked to the pier in large numbers Tuesday and there were probably more tourist motor cars there than at any time since the terminal was commenced. "When is the Bremen coming?" was the persistent question. Nobody was able to answer it, except, possibly, Captain Hinrich, and he did not attempt to.

GIRL COMMITTED TO

HOME FROM MONTVILLE.

Sixteen Year Old Edith Holmes Ordered to Florence Crittenden Home.

Miss Mary J. Lally of the Humane society, Hartford, was in Montville Monday to attend to the case of Miss Edith Holmes, which has been pending for some time. Miss Holmes, aged 16, is employed at the home of Mr. and Mrs. John Bogue of Chesterfield as general work girl. A complaint was made to Miss Lally of the Humane society a few weeks ago that the girl was young and liable to be led astray and that she should be put in some home for girls. Miss Lally immediately took up the case with the Montville authorities and the result was that the girl was brought before Judge William Smiddy Monday. William Bogue of Norwich, son of Mr. and Mrs. John Bogue, where the girl was working, took care of the case for his parents, and Attorney Charles Comstock appeared for him. Clayton B. Smith of New London appeared for the Humane society. The girl was ordered by the court to be committed to the Florence Crittenden home for girls in New Haven, and an appeal to the next criminal court of common pleas was taken. A bond of \$50 was furnished by William Bogue.

Paralysis Victims Quickly Buried.

The funerals of the two children who died of infantile paralysis here on Monday were held Monday afternoon. Cummings & Ring being in charge. The burial of Mollie Berman of Colchester was at 8 o'clock from the undertaking parlors in the Brewster's Neck cemetery. Services for Nardi Barvitch, the Brooklyn child, were held at 8 o'clock by Rev. Victor Nikolenko, and burial was in the West Plains cemetery.

Shot at Seven Foot Shark.

A seven-foot shark, supposed to be of the man-eating variety, was sighted close to Ferguson's wharf at the end of Saturday night. Rifles and shot guns were hastily procured and the son-tiger sustained a heavy but apparently ineffective bombardment. It dove and came up later a considerable distance from the cannonading.

Jumped Track at Monsen.

The Central Vermont passenger train due in this city at 4:30 daily except Sundays from Burlington, Vt., got with an accident near Monsen.

Dollar Day Millinery

TWO SPECIAL DOLLAR DAY BARGAINS

New Fall Hats in the popular Felt and Velvet Sailor Models will be sold today for only one dollar. There is not a hat in these two lots which is worth less than double the Dollar Day price.

STRICKEN WITH APPENDICITIS.

Leroy Stearns, With the Seventh New York Regiment, Obligated to Undergo Operation.

Leroy Stearns, son of Mr. and Mrs. W. L. Stearns, of this city, who went to the border as an officer in the Seventh New York Regiment, is convalescing from an attack of and operation for appendicitis. When his illness developed he was taken to the government hospital at San Antonio, where the operation was performed, and it is supposed now that he is about ready to return to his company. He has not already done so. His many friends will be pleased to learn of his recovery.

M. B. Ring Arrived.

M. B. Ring of this city was among those present at the annual outing of the master horseholders of Connecticut held at Slay's Jockey Saturday.

Dinner was the main attraction served at Hotel Hine.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years, doctoring for nervous weakness, stomach, liver or kidney disease, or some other ailment, when their real trouble was lack of iron in the blood—How to tell

long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron, twice a day after meals for two weeks. Then test your strength as usual and see for yourself how much you have gained. I have seen dozens of nervous, rundown people who were ailing all the time, double and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days. This simply by taking iron in the proper form, and this after they had been simply taking doctor's medicine without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a good stomachic and a strengthener and the best blood builder in the world. The only trouble was that the old forms of iron, iron salts, iron tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently failed to put color in your cheeks and good sound, healthy flesh on your bones. The discovery of the newer forms of organic iron all at once overcame these troubles. Nuxated Iron, for example, is pleasant to take, does not hurt the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they will forfeit \$100.00 to any charitable institution if they cannot take any man or woman under sixty years of age and increase their strength 200 per cent or better in four weeks. Also they will refund the money if they are not satisfied. Iron does not at least double your strength unless you are weak. It is in the city by Chas. Osgood Co., Lee & Osgood, and all other druggists.

SPECIAL NOTICE!

New London County Agricultural Society

No Pass Out Checks issued this year. Prices on covered Grand Stand (Day Fair) 50c; Bleachers 25c; Night Fair 10c on both stands. Tickets on Both Stands LIMITED TO SEATING CAPACITY. Stands will be cleared at the conclusion of the afternoon programme.
